

Tekin 24V Mag Door Hold Open Power Supply With Built in Release Switch & Input Trigger

Features

- 🔥 Mains Operated MHOD 24V DC Power Supply
- 🔥 0.3A 24V Output (4 x Doors)
- 🔥 Built in MHOD Release Switch
- 🔥 Normally Closed Input Trigger from Fire Panel
- 🔥 Fits standard NZ 144 Electrical Flush Box

Technical Specification

Product Code	TI-MDHPS-P
Input Voltage (AC)	230V (AC)
Rated Frequency	47-440 Hz
Output Voltage (DC)	24V \pm 2%
Output Current	0.5A Max
Over Voltage	27.6-32.4V
Short Circuit Protection	Yes
Overload Protection	Yes
Over Voltage Protection	Yes
Over Temperature Protection	Yes
Ambient Temperature Limits	-10°C to +40°C
Humidity Limit	10-95% RH (non condensing)
Colour	White with Red Label
Dimension	72(W) x 50(D) x 118(H)

NOTE: Although PSU has output rating of 0.9A, we recommend a Maximum load of 0.3A (4 x doors) due to the amount of heat generated at higher outputs.
